Education

ABES ENGINEERING COLLEGE **Oct. 2022 – May 2026**
Bachelor of Technology in Computer Science *Ghaziabad, Uttar Pradesh*

TRINITY GLOBAL SCHOOL **Apr 2019 – May 2021**
Scored 92.8% in 12th boards and 93.5% in 10th boards *Patna, Bihar*

Technical Skills

Languages: Swift, C, C++, HTML/CSS, JavaScript, TypeScript
Developer Tools: Xcode, Firebase, Version Control, PostMan, TestFlight, App Store Connect, SPM
Technologies/Frameworks: SwiftUI, HealthKit, CoreData, Combine, ExpressJS, NodeJS

Experience

Manacle Technologies **Jan 2025– Currently**
iOS App Developer Intern *Noida, Uttar Pradesh*

- Designed and developed production-grade iOS applications using Swift, SwiftUI, and UIKit, delivering scalable and user-centric features.
- Built Society Management application with QR-based vehicle entry system using **AVFoundation**, and PDF Manager for intelligent document recognition.
- Contributed to enterprise solutions currently used by **Haldiram, Nirulas, Neha Herbal, and Rasan**, enhancing operational efficiency and user engagement.

Togever **Oct 2024 – Jan 2025**
iOS developer *Remote,Switzerland*

- Designed and developed a fully functional homepage, achieving a 20% reduction in user navigation time by streamlining the interface and enhancing accessibility to core features.
- Implemented an Info button that increased feature discoverability by 30%, providing detailed descriptions of core functionalities such as "My Standard Week" for efficient weekly schedule organization and "Availabilities Calendar," enabling users to mark and share availability seamlessly

Projects

LUP-SAMIP | *Swift, SwiftUI, UIKIT, AVFoundation, Storyboard*,API Integrations **Apr 2025**

- Designed and developed Society Management application, a modern app focused on helping resident and other staff memberss to ensure security in the society.
- Integrated Apple's **AVFoundation** to Generate decode QR-Code stickers on the Vehicle at the time of entry on Society Gate.
- Leveraged PDF Manager to build an intelligent system that differentiate between PDF and image and display data accordingly.
- Used MVVM architecture,Design Principles and Migrated the Existing UIKIT to SwiftUI

My Patna Metro | *Swift, SwiftUI, Lotties, Firebase, Combine,MERN* **Nov 2024**

- Designed and developed a metro navigation app for Patna commuters using SwiftUI and Apple Maps.
- Conducted user interviews(15+) to validate key pain points in Delhi Metro.
- Created a detailed PRD,UI wireframes, and an interactive prototype using Figma.
- Defined key product metrics (e.g., route search success rate, time-on-app) for future optimization.

Healthify | *Swift, SwiftUI, Healthkit, Combine, lotties*,Gemini API **Apr 2025**

- Designed and developed Healthify, a modern fitness app focused on helping users achieve their wellness goals.
- Integrated Apple's **HealthKit** to automatically track daily steps, calories burned, and other health metrics in real-time.
- Leveraged Gemini's AI API to build an intelligent chat assistant that answers personalized fitness, workout, and nutrition-related queries.
- Provided users with real-time insights and a seamless experience to monitor and improve their health and fitness journey.

Leadership / Extracurricular

PhysicsWallah **Sep 2024 – Present**
Campus Ambassador *ABES Engineering College*

- Enrolled 50+ students in Physics Wallah different courses.

ABES ACM **Feb 2023 – Present**
Development Lead *ABES Engineering College*

- Organized events, conducted workshops and delivered workshops reaching over 1000+ developers.
